

FRASER HILL FARM®

Magical Fiber Optic Tree with LED Dancing Lights

LIGHTS OFF

LIGHTS ON

Dazzle and delight your family, friends, and guests this Christmas with a magical fiber optic tree from Fraser Hill Farm. Watch in amazement as LED lights dance across a rainbow of colors, creating a unique light show all season long.

This 7.5-ft. snow-flocked fiber optic tree with metal stand features multi-color LED bulbs with 21 light functions set on a timer for hassle-free enjoyment. High-quality PVC needle tips create a full, lush tree you will enjoy year after year for indoor use only.

With easy 3-piece assembly, you'll never have to shop, chop, or water another tree again. No more dropping pine needles! So put away the vacuum, prop up your feet, and enjoy a one-of-a-kind light show in the comfort of your home.
