

# IRWIN®

## IRWIN® 3 IN. GUARDED BRICK COLD CHISEL

The IRWIN Guarded Cold Chisels are ground to a precise angle for efficient cutting and durability. A forged one-piece steel construction for strength and a long-lasting life. It features a chamfered struck end to help resist chipping and mushrooming. The cold chisel has a powder coated finish which aids to prevent rusting. Commonly used for cutting stuck bolts, nuts and rivets, and shaping soft metals.

ONE PIECE FORGED  
STEEL CONSTRUCTION  
FOR INCREASED STRENGTH
