Product is non-hazardous.

Due to the nature of the product, no intended chemical release is anticipated.

Considering that the nature of this product and its intended use does not lead to repeat, long-term exposures, dermal exposure was considered to be the most significant exposure pathway for this article. Free of any compounds listed by the International Agency for Research on Cancer (IARC) or the National Toxicology Program (NTP), California Proposition 65 chemicals, or any Substances of Very High Concern (Annex XIV EC 1907/2006) (Confidential Supplier 2011a-j). Based on this information, product does not present a significant human health concern.

12. ECOLOGICAL INFORMATION

Superband Premium, and its packaging, are not considered biodegradable, and no claims were made on the product's packaging indicating biodegradability. When used as directed, the product is disposed of after use, and the ultimate intended receiving compartment would be a landfill as these products are not recyclable. The extent of possible exposure to the environmental receiving compartment is not able to be assessed due to limited use data and formulary information. Considering that there is no intended release of chemicals, and that these products do not contain insecticides or other chemicals of concern at significant levels, Superband Premium is not anticipated to pose a significant environmental risk when disposed of as directed.

13. DISPOSAL CONSIDERATIONS

WASTE DISPOSAL:

Discard in trash after use. Dispose of waste in accordance with all applicable federal, state and local regulations.
