

Sit to Stand Home Office Desk Riser

ASSEMBLY INSTRUCTIONS

Before You Begin: Phillips screwdriver and scissors required for assembly (Not Included)

Please identify all component parts and hardware pieces required before you begin. Carefully remove all of the components from the packaging and set aside for assembly. Assemble on a soft surface to prevent scratching during assembly.

Caution:

Tighten all components securely before use. Failure to do so may result in personal injury. DO NOT use any sharp objects to open plastic wrapped components as damage to product or components may result.

Warning:

CHOKING HAZARD - Small Parts, Adult Assembly Required.

DO NOT ALLOW CHILDREN TO CLIMB ON FURNITURE

Serious or fatal injuries can occur from furniture tipping over. You must install Tipping Restraint Hardware (where included) to help prevent the unit from tipping and causing accidental injury, instability, death or damage. The tipping restraint is intended only as a safety measure, it is not a substitute for proper adult supervision.

To help prevent furniture from tipping over it must be permanently attached to the wall. Anti-Tip Safety Wall Straps suitable for the unit weight and wall materials (if not included) should be purchased and installed.

PARTS

1		X1	4	4	X6
2A	(Fell)	X1	5		X6
2B		X1	6		X2
3		X1	7		X2

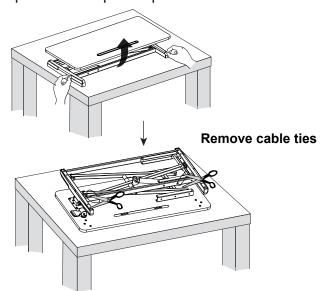

STEP 1

Two Person Lift

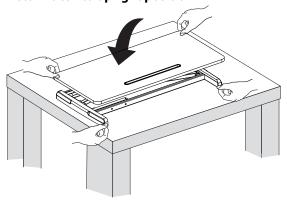

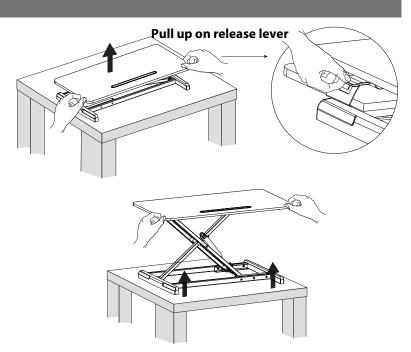

Flip the desktop to expose the underside

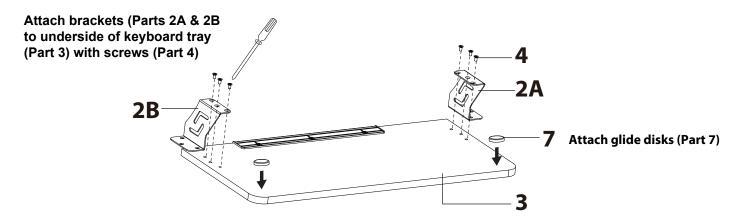

STEP 2

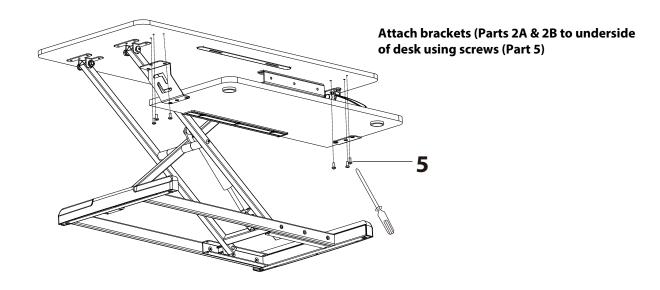

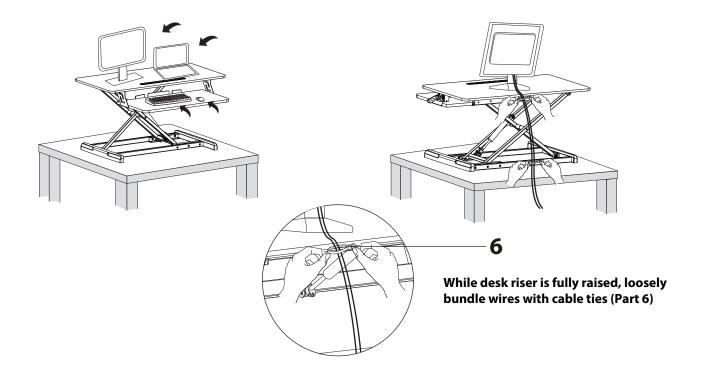

STEP 3

STEP 4

STEP 5

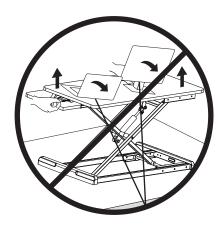

Keep monitor and laptop base fully on the worksurface.

Allowing any part of base or stand to hang off the edge may result in property damage and or personal injury.

Raise worksurface slowly. Raising worksurface too fast may create an unstable situation resulting in property damage and or personal injury.

Leave enough slack in cable to allow for full range of vertical motion (19.3" / 49 cm). Failure to heed this warning may result in property damage and or personal injury.

To avoid the potential to pinch cables it is important to follow the cable routing instructions in this manual. Failure to follow these instructions may result in equipment damage or personal injury.

A WARNING

PINCH POINT

DO NOT place hands on or near support bars. Pinch points are created during lifting and lowering the worksurface. Failure to follow these instructions may result in serious personal injury.
