

## 8 in. Side Tenon for Round Outdoor Pole Lights

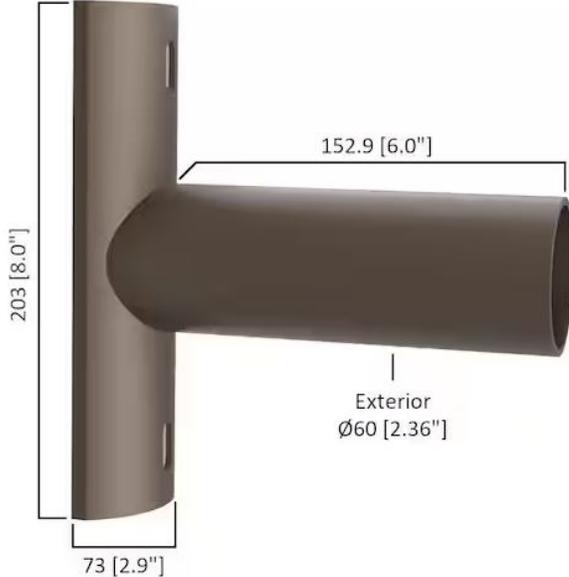

### PRODUCT DESCRIPTION

The Side Tenon for Round Pole is designed for easy and secure attachment of lighting fixtures to the sides of round poles. Constructed from durable materials, this mount is built to withstand outdoor conditions and ensure longevity. With its side tenon design, this mount allows for straightforward installation and adjustment of lighting fixtures, providing flexibility in directing light where it's needed. The mount is compatible with the 2 3/8 inch slip fitter OD standard, making it suitable for a variety of outdoor lighting applications.
