Simple set up using the CYNC App

STEP 1
Screw in and power on your
Cync Dynamic Effects smart lights.

STEP 2
Download the Cync App, powered
by Savant, on your smartphone.

STEP 3
Add your devices to the Cync App.

STEP 4 (OPTIONAL)
Connect your lights to Amazon Alexa
or Google Assistant in the Cync App*.

*voice assistants sold separately

Create light shows & sync to music in the CYNC App

STEP 1

Complete the setup on the opposite side of the card.

STEP 2

Find the Room, Group or individual Dynamic Effects light and navigate to the color control menu.

STEP 3

Click on star icon to set up your light shows.

Click the music notes to sync to your music.
