Project Scope: Register EPA Establishment Number.

Dear Shilian,

Congratulations!

Registration of the pesticide-producing establishment for which you applied has been completed. The new Establishment Number is: **99346-CHN-1**. This establishment registration will remain in effect, provided pesticide reports on production and sales or distribution amounts are submitted annually as required.

Initial Reporting has been prepared and waiting EPA's approval.

You should read and understand the EPA's notification emails for additional requirements related to your responsibilities as an EPA registered company and establishment.

We are excited you are now able to apply the EPA Establishment Number to your products and appreciate your business. Feel free to contact me or any of our Customer Service representatives if you have any questions.

Very truly yours,

Ken Zhang
