1

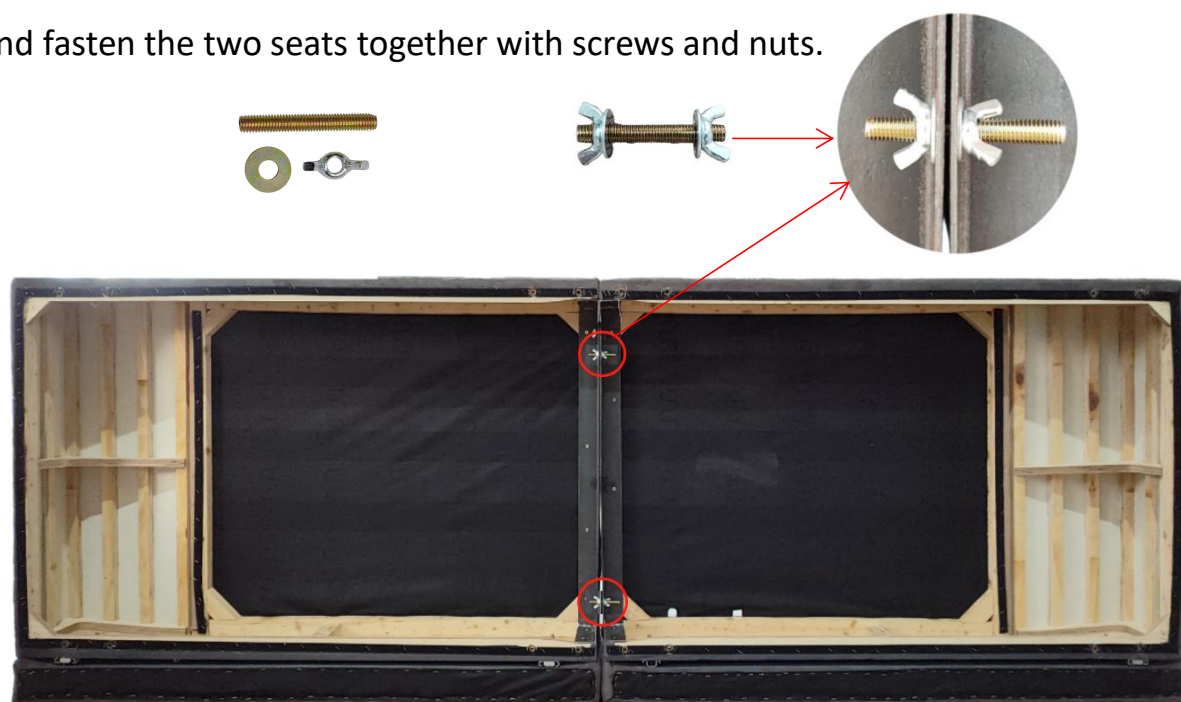

Install the seats and backrests. Note that there are left seat and right seat, and left backrest and right backrest. Package 1 right backrest should be attached to right seat, and package 2 left backrest should be attached to left seat. Please don't mix them.

2 Completed status of seats and backrests.

3 Join and fasten the two seats together with screws and nuts.

4 Cover the sofa bottom with the base cloth, and then fix the feet with 8x50mm screws according to the reserved screw holes.

5 Put on cushions.

6 Zip the cushions and the backrests together.
