

# eKey Benefits

We designed the eKey with the traditional key in mind, but added a whole new level of security and convenience. With the Kevo mobile app, management of all Kevo users is simple and secure. There is no need to worry about losing a key or getting a key back from someone.

## Unique eKeys

Each eKey is unique and assigned specifically to a Kevo user and Kevo smart lock

## Send eKeys

An eKey can be sent digitally in a few clicks

## Key Control

You are in full control of who receives an eKey. There are no more unknown copies of the keys to your home

## Track Users

Using Kevo's mobile app or web portal enables you to track all eKey users at a glance

## Disable or Delete

You can temporarily disable or completely delete any unwanted users from Kevo
