

Thank you for your purchase!

Pet Waste Station with Pedal Trash Can

ASSEMBLY INSTRUCTIONS

Before You Begin:

Please identify all component parts and hardware pieces required before you begin. Carefully remove all of the components from the packaging and set aside for assembly. Assemble on a soft surface to prevent scratching during assembly.

Caution:

Tighten all components securely before use. Failure to do so may result in personal injury.

DO NOT use any sharp objects to open plastic wrapped components as damage to product or components may result.

Warning:

CHOKING HAZARD - Small Parts. Adult Assembly Required.

DO NOT ALLOW CHILDREN TO CLIMB ON FURNITURE

Serious or fatal injuries can occur from furniture tipping over. You must install Tipping Restraint Hardware (where included) to help prevent the unit from tipping and causing accidental injury, instability, death or damage. The tipping restraint is intended only as a safety measure, it is not a substitute for proper adult supervision.

To help prevent furniture from tipping over it must be permanently attached to the wall. Anti-Tip Safety Wall Straps suitable for the unit weight and wall materials (if not included) should be purchased and installed.

- Allen Wrench (1pc)
- Set of 100 Pull Bags (4pcs)
- Box of Can Liners (1pc)

For more stability, it's best to anchor the dog waste station in cement, on the ground. You will need an Air Hammer and a Hammer (Not Included).

For Mounting Into Cement:

- Expansion Bolt M10 (4pcs)
- Flat Washer M10 (4pcs)
- Spring Washer M10 (4pcs)
- Nuts M10 (4pcs)

STEP 1

Place the base in the desired location on the cement surface and mark the 4 holes.

Using an Air Hammer (Not Included) make the holes in the cement.

STEP 2

Insert the M 10 Expansion Bolt into the hole using a Hammer (Not Included).

Align the expansion bolts with the holes on the base plate then set base into place.

Add the M10 Flat Washers, M10 Spring Washers and M10 Nuts then tighten using the Wrench.

STEP 3

Insert Segment A (It should have 4 holes at the bottom & 1 hole at the top) into the Steel Post Base.

Align the last 3 side holes of the base with the first 3 side holes of segment A. Insert an M8 Screw through an M8 Spring Washer and M8 Flat Washer then through the Post Base.

Attach the M8 Nut and tighten using the Hex Wrench and Wrench.

STEP 4

Insert segment B (It should have 1 hole at the bottom, 4 in the middle & 3 at the top) into Segment A. Align the hole from Segment A with the bottom hole of Segment B.

Insert 1 M8 Screw from front to back through 1 M8 Spring Washer and 1 M8 Flat Washer then through Segment B and into the M8 Nut.

Insert 3 M8 Screws from the side through 3 M8 Spring Washers and 3 M8 Flat Washers then through Segment B and into 3 M8 Nuts.

Tighten all screws using the Allen Wrench and Wrench.

STEP 5

Place the Pedal as shown in the picture.
Insert 1 M5 screw (the biggest one) & 1 M5 Lock Nut.

Tighten in place using the Allen Wrench and Wrench.

STEP 6

STEP 7

Open the trash can lid.

Insert the M6 Common Nut onto the rod.

Put the end of the rod through the hole of the the lid bracket.

Attach an M6 Lock Nut and tighten in place using the Wrench.

STEP 8

Align the holes on the back of the trash can with the holes on the steel post.

Insert an M8 Screw through an M8 Spring Washer and M8 Flat Washer then into the steel post from back to front. Repeat for the other 6 screws.

Tighten screws using the Allen Wrench.

STEP 9

Insert the rod between the two holes at the end of the pedal. Insert 1 M5 Screw (the medium one) through the pedal and rod holes and secure it with 1 M5 Lock Nut.

Tighten using the Allen Wrench and Wrench

STEP 10

Align the holes on the back of the bag dispenser.

Insert an M8 Screw through an M8 Spring Washer and M8 Flat Washer then through the steel post from front to back. Repeat for the other 3 Screws.

Tighten using the Allen Wrench.

STEP 11

On top of the steel post, align the holes on the back of the station sign with the holes on the steel post.

Insert an M8 Screw through an M8 Spring Washer and M8 Flat Washer then into the steel post from back to front. Repeat for other 2 screws.

Tighten using the Allen Wrench .

STEP 12

To install the can liner open the lid & pull up on the bag clamps.

Place the bag between the clamps & push the bag to the bottom of the can.

Wrap the edges of the bag around the bag clamps.

Push down on the bag clamps to lock the bag in place.

STEP 13

Find and remove the 2 rubber caps on the side of the dispenser.

Align the holes in the the L-Shaped Bracket with the holes in the dispenser.

Insert 2 M5 screws (the smallest ones) through the holes into 2 M5 Lock Nuts like shown in the picture.

Tighten screws using the Allen Wrench and Wrench.

STEP 14

Fill the container with hand sanitizer.
Position the neck of the bottle in the hole.
Screw the pump onto the neck of the bottle.

STEP 15

Hang the pull bags from the hooks (as shown in the picture).
Close & lock the dispenser door.
