1. Print the drilling template - make sure to print the file in its actual size (choose the "Actual size" or "Do not scale" option in the printing settings)

Scaling: Do Not Scale ⌄

2. If the drilling template requires printing on more than one A4/ Letter page, use the cross marks to precisely align the pages

3. Comparing against the measurement markings at the bottom of the printed drilling template, verify with a ruler that the dimensions of the template are correct

CM   0   1   2   3   4   5   6   7   8   9   10   11   12   13

INCHES   0   ½   1   1½   2   2½   3   3½   4   4½   5

CM   0   1   2   3   4   5   6   7   8   9   10

INCHES   0   ½   1   1½   2   2½   3   3½
