

FRASER HILL FARM®

Let It Snow Series 6-Ft. Snowing Tree

When Mother Nature fails to deliver that picture-perfect snowfall you wish for every year, create your own snowy scene with Fraser Hill Farm.

This snowing Christmas tree from our Let It Snow series will create the perfect centerpiece to place gifts around. Not only does this tree come pre-strung with LED lights, a tree topper, and a light assortment of tree ornaments (saving plenty of room for your own), but it also produces a flurry of self-containing faux-snow that trickles down each branch and creates a natural snowy scene.

Built-in speakers are hidden within the base and are set to play 25 popular holiday tunes. With easy assembly and a flip of a switch, you can play Mother Nature by creating your own winter wonderland in the comfort of your home.
