Some extra hardware may be included. The quantity listed above is the number required for installation.

## Safety Rules

---

***WARNING: BE SURE THE ELECTRICITY TO THE WIRES YOU ARE WORKING ON IS SHUT OFF; EITHER THE FUSE IS REMOVED OR THE CIRCUIT BREAKER IS TURNED OFF. TURNING THE POWER OFF USING THE LIGHT SWITCH IS NOT SUFFICIENT TO PREVENT ELECTRICAL SHOCK.***

**NOTE:** The important safeguards and instructions appearing in this manual are not meant to cover all possible conditions or situations that may occur. It must be understood that common sense, caution, and care, are factors which cannot be built into any product. These factors must be supplied by the person(s) installing this unit.

### **READ & SAVE THESE INSTRUCTIONS**

**CAUTION:** Before assembling the lighting fixture, please read the following chapters. If you feel you do not have enough electrical wiring experience, either refer to a do-it-yourself wiring handbook or have your lighting fixture installed by a qualified, licensed electrician. Remove the fixture and the mounting packages from the box and make sure that no parts are missing by referencing the illustrations on the installation instructions.

**Be sure to read these installation instructions and review the diagrams thoroughly before installation.**

### **LIGHT BULBS REQUIRED**

This lamp uses a G9 bulb base and can only be used in conjunction with LED bulbs up to 9W. Fully dimmable when used with dimmable bulbs and compatible dimming switches (not included).

# Installation Preparation

---

## Tools You Need

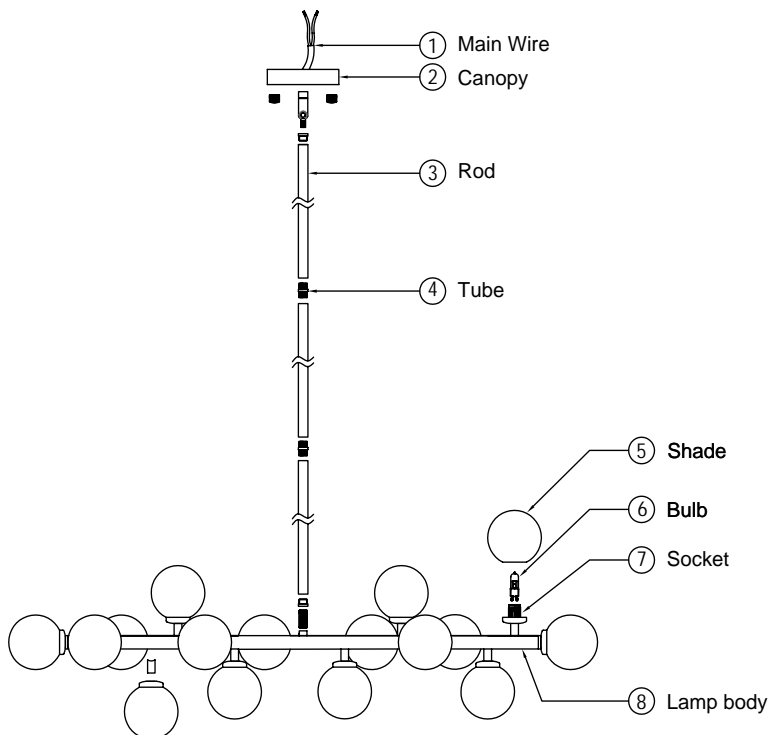

- ☒ Ladder    ☒ Pliers    ☒ Wire Strippers    ☒ Screwdrivers    ☐ Power Drill (optional)    ☐ Drill Bit (optional)

If mounting to a support structure, you will also need the optional tools.

## Installation Step 1 (Assemble the Light)

---

1. Pass the main line ① through the center rod ③.
2. Install the center rod ③ on the lamp body ⑧.
3. Connect the rod with a tube ④.

## Installation Step 2 (Hang and Wire)

4. Then pass the main line ① through the canopy ②.
5. And the canopy ② is installed on the center column.
6. Install the G9 bulbs ⑥, then install the lamp shade ⑤ on the socket ⑦.

**Note:** Please test the fixture before installation to ensure it's working properly.

1. Turn off power at circuit box to avoid possible electric shock.
2. Attach Mounting Plate to junction box using mounting screws.
3. Connect fixture wires to house wires with Wire nut, and wrap the connection with electrical tape.
4. Attach canopy to the affixed mounting plate using cap nut.

**NOTE:** This item is not dimmable, please do not use a dimmer switch.

## Trouble Shooting

---

### 1. Missing/Broken Parts

- Make a list of the missing/broken parts according to the packing list, take photos for broken parts, then email us for free replacements.

### 2. Bulbs Do Not Light Up

- Check your power and switch to make sure it's power on.
- Check the bulb to make sure it's installed correctly.
- Change a new bulb.
- Check the wires to make sure they are connected correctly.

### 3. Bulbs Flicker/Noisy Operation

- Check the bulb to make sure it's installed correctly.
- Change a new bulb.
- Make sure your bulb is dimmable if you use a dimmer switch.

### 4. Could Not Install/Assemble

- Take photos of the ceiling/fixture, contact seller for technical support.

## Clean And Care

---

To clean, wipe the fixture with a soft cloth. Spraying from chemical cleaners can discolor the finish of the fixture. Do not use scouring pads, powders, steel wool, or abrasive paper to clean this fixture.

## Ordering Parts

---

Keep this manual for future reference, and in case replacement parts are needed. Available parts can be ordered from the place of purchase. Use exact wording from diagrams when ordering parts.
