

ASSEMBLY INSTRUCTIONS

CAUTION

◆ Inspect the wire insulation for any cuts, abrasions, or exposed copper that may have resulted during shipping. If there is a defect in the wire, do not attempt installation.

◆ Before starting installation of this fixture or removal of a previous fixture, disconnect the power by turning off the circuit breaker or by removing the fuse at the fuse box.

***PARTS SHOWN MAY DIFFER SLIGHTLY PER LIGHT FIXTURE**

EXPLODED PARTS

INSTALLATION

STEP 1

Use the **mounting screws** to attach the **mounting unit** to the junction box.

STEP 2

Make the electrical connection from the junction box to the **fixture**. Connect the ground wire to the **mounting unit** using the preinstalled green ground screw. Then, connect the positive, negative and ground wires with the supplied **wire nuts**. Secure with electrical tape.

ASSEMBLY INSTRUCTIONS (INSTALLATION)

STEP 3

Attach the **fixture** to the **mounting unit** by inserting two fixture screws and rotating the **fixture** until it locks in place. Then tighten the fixture screws securely.

STEP 4

Screw the **threaded pipe and hex nut** into the **fixture**, then secure it with **hex nut**.

STEP 5

Install bulb (not included)

STEP 6

Place the **washer, rubber ring, glass shade** and **cap** onto the **threaded pipe and hex nut**, then secure with **ball nut**.
