WARNINGS AND CAUTIONS:

Not for use in totally enclosed or recessed fixtures. Risk of electric shock, do not use where directly exposed to water. This device is not intended for use with emergency exit fixtures or emergency lights. Before replacing, turn off power and let lamp cool to avoid electrical shock or burn. Only install in operating environments between -4°F and 113°F (-20°C and +45°C).

NOTES:

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This Class B digital apparatus complies with Canadian ICES-005.

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment. This device should be installed and operated with minimum distance 8 inches between the radiator & your body.

Product should not be used with dimmers. For dimming, use the WiZ application.

85% energy saving, when compared to 100W incandescent bulb. Only use the control provided with or specified by the instructions to control this lamp. Do not open. No user serviceable parts inside.
