## FEATURES &amp; BENEFITS:

## ELEGANT DESIGN AND CANOPY STYLE:

This 30" or 36" kitchen range hood features a contemporary design with a stainless steel body and tempered glass overhang. The canopy style makes a statement, immediately upgrading your kitchen's appearance.

## GREASE-CATCHING BAFFLE FILTERS FOR EASY CLEANING:

We know your time is valuable. That's why we design our recirculating vent hoods to be simple to clean and maintain. Pop out the baffle filters and run them in your next dishwasher cycle.

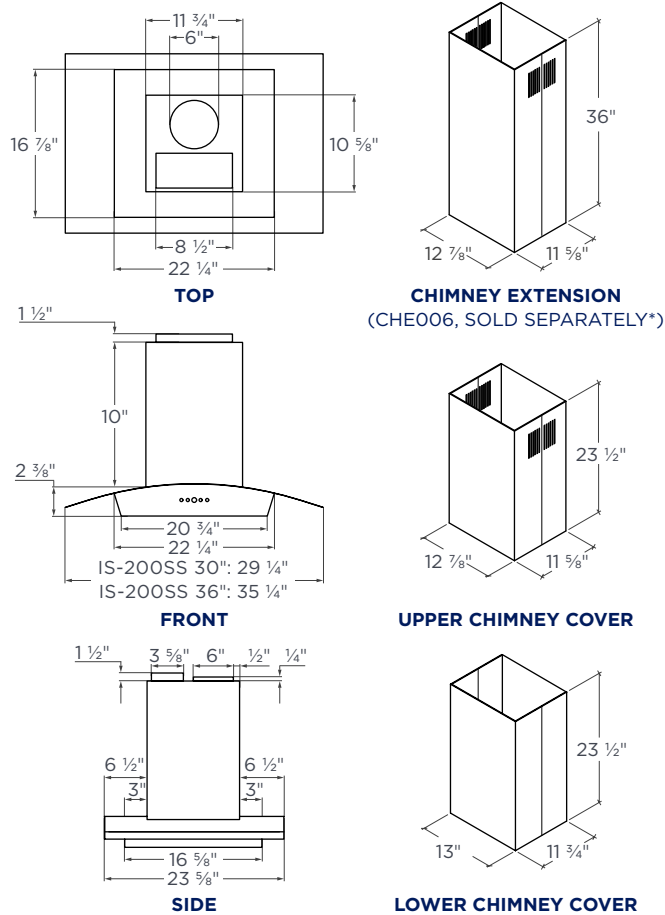

## PERFECT FOR HIGH CEILINGS:

Many island hood vents for the kitchens fail to account for high ceilings. Not with the IS-200. Make the range hood installation simple for high ceilings (up to 10 feet) with our extension (CHE006, sold separately).

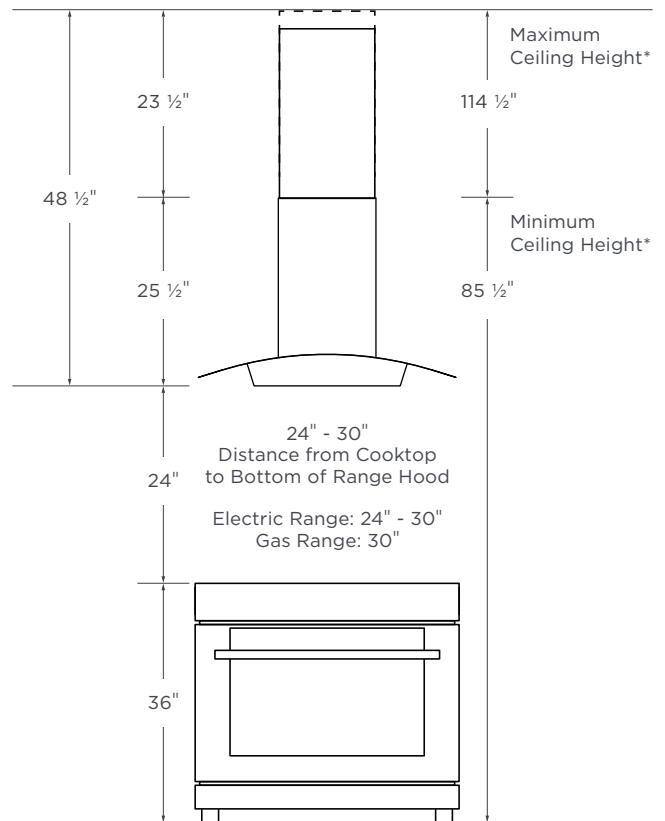

## EASILY CONVERT TO DUCTLESS:

Why compromise on style and function just because you don't have a duct? This model also works as a ductless range hood, 30" or 36". You can easily convert the free hanging range hood with a pair of our functional charcoal filters (CFI002, sold separately).
