

# CARE TIPS AND GENERAL INFO FOR: SUCCULENTS ASST.

---

## EXPOSURE:

SHADE OR SUN

## BLOOMTIME:

Succulents are one of the easiest plant to grow. They require very little care and are perfect for rock gardens, fairy gardens, decorative planters, and window boxes. They are famous for their textures and colors not their blooms.

## WATERING NEEDS:

MINIMAL

1x/wk the first year.  
2x/mo once established.  
1x/wk if growin in a decorative pot.

## FERTILIZER:

CONTAINER DEPENDENT

In the landscape use a slow release granular fertilizer spring and fall.  
In a container use a water soluble type twice a month.

## SOIL TYPE:

ANY SOIL TYPE.

Well draining is always the best choice, to avoid over watering.
