- TOILET PAPER HOLDER
- TOWEL RING(S)
- TOWEL HOOK
- FAUCET
- CABINET HARDWARE
- WALL PLATES
- MIRRORS
- SHOWER DOOR**

Quick Tips ▶▶

- Give your bathroom a quick upgrade by swapping out bath hardware, cabinet knobs and pulls, wall plates, mirrors and faucets.
- Coordinate finishes to complement or match each other.
- Keep the overall style of your bathroom in mind. For example, if you prefer a modern look, try items with finishes like Flat Black or Champagne Bronze and look for crisp lines. If a more casual or classic style is preferred, go with Nickel, Chrome or Bronze finishes with softer profiles.
- When updating bath hardware, consider how many towels and hand towels you use in a bathroom. This will help you determine how many hooks, towel rings and towel bars are needed.
- Take note of where you are reaching for items throughout the day. For placement recommendations, look at our placement guide above.

*OTHER TOOLS MIGHT BE NECESSARY DEPENDING ON UPDATES BEING MADE, MAKE SURE TO READ INSTRUCTIONS COMPLETELY BEFORE YOU START THE PROJECT

**TO INSTALL A SHOWER DOOR, YOU WILL NEED ADDITIONAL TOOLS AND TWO PEOPLE FOR INSTALLATION. MAKE SURE TO FOLLOW INSTRUCTIONS PROVIDED FOR THE PRODUCT CAREFULLY
