Bathtub Mounting Instructions

Prior to Installation:

- Inspect freestanding bathtub to ensure no damages have occurred while in shipping.
- Observe all plumbing and building codes in accordance with your state and local requirements.
- If you purchased a brushed nickel trim kit, it must be installed before installing the bathtub (Brushed nickel trim not available on all models).
- All pre-installed parts must be checked and retightened before installation.
- Check bathtub for correct model and size. If at any point during the pre-installation inspection and water test, you discover a problem with the bathtub or piping system, do not install the unit and contact us immediately.

General Recommendations:

Please read installation and maintenance instructions thoroughly before installing the freestanding bathtub.

Be sure to use proper tools and always wear proper personal safety accessories for your protection.
