

DIRECTIONS FOR USE:

1. Apply foam tape strips to the back of your FlyPad™.
 - We recommend one piece of tape applied to the center of FlyPad™, and a second piece placed near the top edge.
2. Press FlyPad™ firmly onto a smooth, non-porous surface in an area sheltered from the weather.
3. Gently peel away the release liner to expose the sticky trap surface.
4. Keep unused FlyPads sealed from dust and moisture until ready to use.

INSTRUCCIONES DE USO:

1. Coloque las cintas de espuma adhesivas en la parte posterior del FlyPad™.
 - Recomendamos colocar un trozo de cinta en el centro del FlyPad™ y otro trozo de cinta cerca del borde superior.
2. Presione con firmeza el FlyPad™ sobre una superficie lisa y no porosa en un lugar protegido de la intemperie.
3. Retire con cuidado el protector autoadherente para dejar al descubierto la superficie pegajosa.
4. Mantenga cerrados todos los FlyPads que no utilice, protegidos del polvo y de la humedad, hasta el momento de utilizarlos.

FLYPAD™

Stick it to Flies™

- *Traps Flies, Not Fingers*
 - *Clean, Simple Setup*
 - *Works Everywhere from Glass to Garbage Cans*
- Un atrapamoscas pegajoso*

*Targets common house flies, bottle flies, cluster flies, fruit flies, and gnats.

2 Traps
INCLUDED

THE SMARTER WAY TO CATCH FLIES

Meet FlyPad™ — the cleaner, more convenient way to catch flies. Glue-filled grooves catch flies, while the ridged surface stays clean to the touch. A sticky trap that won't stick to you! Place it on picnic tables, windows, trash cans, door frames and more.

That's smarter pest control.

SAFETY INFORMATION

If adhesive contacts skin or hair, gently pull FlyPad™ away and the adhesive will release. Use petroleum jelly, baby oil, or mineral oil to remove any adhesive residue.

Keep out of reach of children and pets. Buyer assumes all risks for use not in accordance with product's intended use, instructions, and cautions.

INFORMACIÓN DE SEGURIDAD

Si las partes adhesivas entran en contacto con la piel o el pelo, quite suavemente FlyPad™ para retirar el adhesivo. Utilice vaselina, aceite para bebés o aceite mineral para eliminar cualquier residuo del adhesivo.

Manténgalo lejos del alcance de niños y mascotas. El comprador asume todos los riesgos de uso con fines distintos a los contemplados por el producto, incluidas las instrucciones y las precauciones.
