EXCEPTIONAL ILLUMINATION: The GLT18V-5000 Tower Light projects up to 5000 lumens of light, with three separate brightness modes – low (1000 lumens), medium (2500 lumens) and high (5000 lumens) for maximum versatility.

VERSATILE, MULTI-DIRECTIONAL LIGHTING: Fully adaptable to shed light where it's needed most, with an adjustable lamp head that swivels 243º and tilts 117.5º. Side light panels are individually adjustable up to 120º for more focused lighting.

EXTENDABLE DESIGN WITH FULL PORTABILITY: Telescopic poles extend to a maximum of 87 inches for enhanced reach and collapses down to 39 inches for easy portability for professionals on the go.

JOBSITE TOUGH DESIGN: IP54 rated for water and dust resistance (excluding battery and battery compartment), the tower light is constructed from impact-resistant plastic to help withstand tough jobsites and transport.

SIMPLIFIED USER INTERFACE: For easy on/off/brightness selection and easy-to-read brightness and battery status indicators, allowing workers to focus on the task at hand and not the tool.

LIGHTWEIGHT AND PORTABLE: The telescopic extension poles retract to 39 inches for easy transport and storage, making it ideal for contractors, electricians, and plumbers who need a light that can go anywhere.

AMPSHARE™ SYSTEM COMPATIBILITY: 18v batteries and chargers are compatible with bosch 18v power tools and a growing list of cordless products from ampshare™ brands, ensuring your tools are always ready.

WHAT'S INCLUDED: This package includes (1) Bosch GLT18V-5000 18V Tower Light. This is a bare tool; battery and charger are sold separately.

LIMITED WARRANTY: Bosch 18V cordless power tools are covered by a five-year limited warranty for details, call 1-877-BOSCH99.
