

Hulife Home Laundry Rack Explore Manual

⚠ Precautions

- ✓ Please read before assembling the components and using the product
- ✗ Do not put fingers into the opening of the pipe
- 👤 Keep your children away from the laundry rack when assembling, using and storing it.

Components

1. Square pipe 1ea
2. Candle type Pipes 2ea
3. Straight pipes 2ea
4. Multipurpose pipe 1ea
5. T-type connectors 2ea
6. Wheels 6ea
7. Legs 2ea
8. Extension elbow 2ea
9. Folding rack 2ea
10. Wing racks 4ea

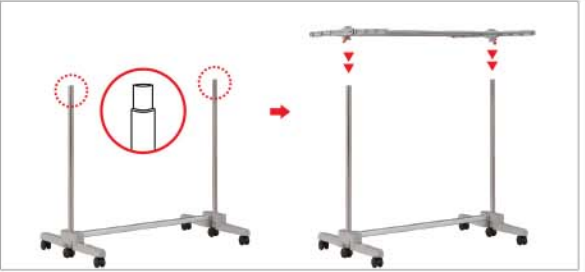

STEP1 Rack Leg Assembly

1. Connect the wheels to each leg.
2. Connect the square pipe to legs.
3. Push the square pipe to both legs until you hear a 'click'.

STEP2 Rack pillars & Wings Assembly

1. On the T-type connector, the part with the red switch and the 'top' lettering faces the front.
2. Push the wings in the direction of the arrow, to connect them to both sides of T-type connectors until you hear a 'click'.
3. Place the wing horizontally and push it to the inside of the T-type connector to lock it.

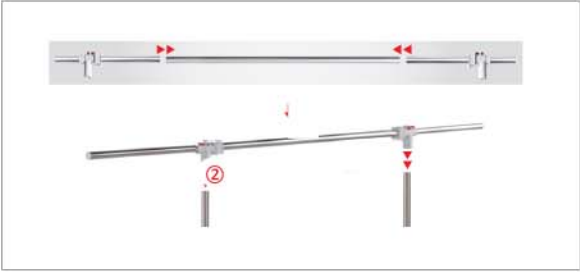

STEP3 Rack Wing Shelf SET Assembling

1. Insert Candle pipes to the legs.
2. Ensure the 'top' lettering and the red switch points upward (Unlock) properly on the T-type connector before connecting to the candle pipes.
3. Push the wings downward to connect them to the pillars.

STEP4 Rack pillars Assembly

1. Adjust the height using the T-type connector.
2. Push the red switch downwards to lock the position.
3. Insert the Straight Pipes to the top of the Candle pipes.

STEP5 Multipurpose pipe extension set assembly

1. Insert extension elbows on both sides of the multipurpose pipe.
2. Push the multipurpose pipe on both sides into the square elbow to the end.
3. Insert the multipurpose pipe extension set into the top of the straight pipe.

STEP6 Top & bottom folding rack installation

1. Open the center of the folding rack with both hands like tongs and place it on the square extension elbow.
2. Lock the center of the folding rack with both hands & make it horizontally.
