1/4 in. Tee/Elbow/Coupler

Adaptadores de vinilo de 1/4 de pulgada

This combo pack contains Couplers for connecting 1/4 in. Vinyl to 1/2 in. Poly, Elbows to run Vinyl in corners, and Tees to run Vinyl in two directions.

Convierta fácilmente un aspersor o cabezal con boquilla de PVC de 1/2" (1.3 cm) en un sistema de riego de bajo volumen colocando goteros o micro aspersores a la salida estriada de 1/4" (0.6 cm).

- Ideal for customizing your system
- Can also be used with 1/4 in. In-Line Drip Tubing

1
Install any one of the Fittings by pushing the 1/4in. Vinyl onto the barbed ends of the 1/4in. Fitting.

2
You can also snap any of these Fittings directly into the 1/2in. Poly Tubing by using a Punch Tool.

These 1/4 in. Fittings are useful when creating a Drip or Micro Sprinkler system. They allow you to customize, and run your 1/4 in. Tubing in the direction you need.

Con este convertidor, puede disminuir significativamente el consumo de agua debido a que los microaspersores, los goteros y las tuberías de goteo en línea riegan su jardín más eficazmente.
