CCT & POWER SWITCH

For the product with Slide Switch of CCT or power selection,please select the CCT or power needed before installation.
(Ignore these steps if without the fuction)

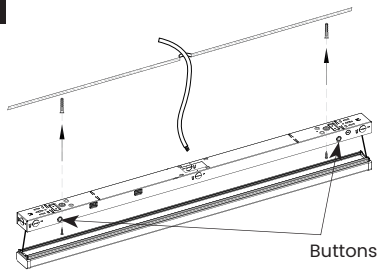

For Surface Mounting

1

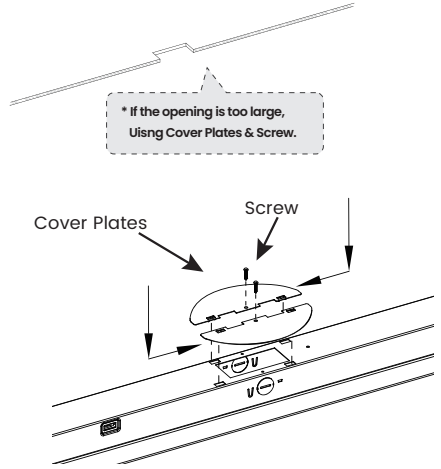

Remove the wiring cover from the light fixture by sliding it in the direction of the arrow.

2

The Lens may drop out quickly!

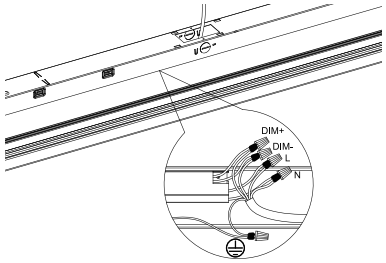

Press and hold the Release Buttons on both sides of the Fixture Housing to release the Lens.

Feed supply wires through Wire Access Hole. Secure the fixture to the ceiling with the provided plastic sleeve and screws.

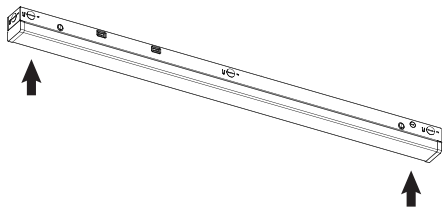

Attach both Cover Plates to the Fixture Housing by sliding in the direction of arrows.

3

Make electrical connections as shown in wiring diagram. Push all wires back into Fixture Housing.

4

Reattach the Lens board to the fixture base to finish the installation.
