

Technical drawing of a hole in a plate. The drawing shows a cross-section of a plate with a hole. The dimensions are indicated as follows:

- The diameter of the hole is $3/4"$.
- The diameter of the pilot hole is $3/8"$.
- The distance from the center of the hole to the edge of the plate is $1/8"$.

The text "pilot hole / Trou pilote" is written below the dimensions.

Technical drawing of a hole in a plate. The drawing shows a cross-section of a plate with a hole. The dimensions are indicated as follows:

- The diameter of the hole is $3/4"$.
- The diameter of the pilot hole is $3/8"$.
- The distance from the center of the hole to the edge of the plate is $1/8"$.

The text "pilot hole / Trou pilote" is written below the dimensions.

Technical drawing of a mechanical part, likely a housing or bracket, showing dimensions and assembly features.

Dimensions:

- Overall width: 3
- Overall height: 45
- Inner diameter: $\varnothing 35$
- Outer diameter: $\varnothing 8$
- Distance from top edge to center of inner circle: 20.5
- Distance from bottom edge to center of inner circle: 11
- Distance from left edge to center of inner circle: 9.5

Assembly Features:

- Two circular holes (Ø8) are located on the right side, one above and one below the main circular feature.
- A central vertical slot is shown, with a dimension of 9.5 indicating the distance from the left edge to the center of the slot.
- The text "cup depth / Profondeur du boîtier" is located near the bottom of the central slot.
