

Café™ 30" Slide-In Front Control Dual-Fuel Range with Warming Drawer

C2S900P3MD1

CAFÉ

FEATURES & BENEFITS

Entertaining for large groups is easy with the industry's first **six burner, edge-to-edge cooktop** that can accommodate cookware of all sizes and a **cast-iron integrated griddle** that provides enough room to perfectly flip crab cakes, arepas and other crowd favorites.

Create an unforgettable dinner, using a **21K triple ring burner** to do everything from searing scallops to simmering a lemon caper white wine sauce and a **15K power boil burner** to boil water quickly for al dente angel hair pasta.

Get the precision you need to pull off a multi-course dinner party with **Dual Fuel**, which boasts a gas-powered cooktop for precise heat control and electric **True European Convection with Precise Air** in the oven for even baking results.

Control your oven from any room in the house with your Smart phone using **WiFi Connect**.

Every detail of your kitchen is designed to delight, thanks to a sleek **LED control panel** that visually disappears when not in use and wakes up when prompted.

Easily access everything from heavy roasts to delicate desserts with a **self-clean heavy duty roller rack** that glides smoothly on ball bearings and can stand up to the heat of self-clean.

Get roasts and meats just right with a **temperature probe** that lets you monitor progress without opening the oven door.

APPEARANCE
