FOR NEW LAWNS AND REPAIR

## IS ZENITH ZOYSIA THE RIGHT SEED FOR YOUR LAWN?

Zoysia grass is known for its ability to stand up to heat, drought, heavy foot traffic and a variety of other challenges. Bred for warm-season lawns, Pennington® Zenith Zoysia keeps your lawn green longer in cool fall weather and greens up earlier each spring.\*

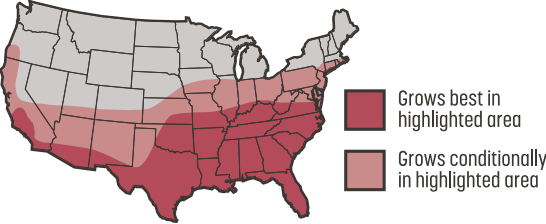

\*compared to ordinary Zoysia

## WHERE WILL THIS SEED GROW BEST?

## WHEN SHOULD THE SEED BE PLANTED?

Late Spring/Early Summer

## HOW MUCH SEED SHOULD BE USED?

New Lawns 5 lbs / 1,000 sq ft

## 4 EASY STEPS

FOLLOW THESE INSTRUCTIONS TO WOW YOUR NEIGHBORS

### EN CUATRO PASOS SENCILLOS

Siga estas instrucciones para impresionar a sus vecinos

#### STEP 1

**NEW LAWNS**

#### STEP 2

#### STEP 3

#### STEP 4

### PREPARE

**FOR BARE SPOTS/NEW LAWNS:** Remove debris, then rake the soil to loosen and smooth the top layer.

**PARA ZONAS CON HUECOS O CÉSPED NUEVO:** Retire los desechos y luego rastrille la tierra para aflojar y suavizar la capa superior.

### APPLY FERTILIZER

Apply a starter fertilizer at the manufacturer's recommended rate.

**APLIQUE UN FERTILIZANTE:** Aplique la cantidad de fertilizante recomendada por el fabricante.

### APPLY SEED

Spread the seed evenly using a drop, rotary or hand-held spreader according to the recommended spreader settings listed. Rake gently to work your seed & fertilizer into the soil.

**APLICACIÓN:** Disemine las semillas de manera uniforme con un esparcidor de caída, rotativo o manual, de acuerdo con las configuraciones recomendadas y enumeradas del esparcidor. Rastrille suavemente para que las semillas y el fertilizante germinen en la tierra.

### WATER

Keep the soil moist by watering daily as needed until grass sprouts and reaches about 2" tall.

**RIEGUE:** Mantenga la tierra húmeda al regar lo que sea necesario por día hasta que el césped brote y alcance alrededor de 2 pulgadas (5,08 cm) de alto.

RECOMMENDED SPREADER SETTINGS	
SPREADER TYPE	NEW LAWNS/REPAIR
Expert Gardener™ Push Seed Spreader	12.5
Scotts® Turf Builder® EdgeGuard® Mini Broadcast Spreader	9.5
Scotts® Whirl® Hand-Held Spreader	5
Sta-Green® 32-lb Broadcast Spreader	7.5

## ADDITIONAL CARE TIPS

1

Mow lawn when grass height reaches 1.5" tall

2

Avoid removing more than 1/3 of the total grass blade length in any single mowing

3

Hot summers can be stressful on your lawn; increase the mowing height during hot and dry periods to reduce stress on your lawn

**MOST IMPORTANTLY** - Don't kill the grass before it starts by using weed control (pros call it preemergent) on your lawn until your grass has reached its full mowing height of 1.5"

NOTICE: Arbitration/conciliation/mediation required by several states. Under the seed laws of several states, arbitration, mediation, or conciliation is required as a prerequisite to maintaining a legal action based upon the failure of seed, to which this notice is attached, to produce as represented. The consumer shall file a complaint along with the required filing fee with the commissioner/director/secretary of agriculture, seed commissioner, or chief agricultural officer within such a time as to permit inspection of the crops by the designated agency and the seedsman from whom the seed was purchased. A copy of the complaint shall be sent to the seller by certified or registered mail or as otherwise provided by state statute.
