ANSI/PLATO FL1 STANDARD

MODES	LUMENS	RUN TIME	BEAM DISTANCE
High	500 lm	4h	28m
Low	250 lm	8h	20m
Strobe	500 lm	--	--

Operation Instructions

On/Off: Press and release the button on the right side of the palm light to turn on and off.

Cycle Modes: Press and release button repeatedly to cycle through modes (High/Low/Strobe)

Charging Instructions

Charging Product:
The LP385 uses a Lithium 4.2V, 3000mAh rechargeable battery. To charge the palm light, first reveal the charge port by lifting the rubber dust cover on the bottom of the light.

Plug the small end of the Micro-USB charging cable (included) into the port on the light. Plug the opposite end of the charging cable into a 5V USB power source.

An LED indicator light will illuminate red after plugging in to indicate the light is charging, then turn green once the battery is fully charged.

Rechargeable battery is sealed, and replacement is not necessary.

The LP385 has a charge time of approximately 6 hours.

Charging Other Devices:
The LP385 can also be used as a power bank to charge other devices.
To use as a power bank, plug the large end of your charging cable into the larger USB port, plug the opposite end of the cable into your electronic device.
