

## The Woodland Pine

The Woodland Pine artificial tree from Fraser Hill Farm features lifelike evergreen foliage and all-metal hinged branch construction. The whimsical design of this collection will give your home a quirky look so guests will feel like they've been transported to a Christmas wonderland.

The Woodland Pine simply unfolds out of storage ready to bring seasonal enchantment to your home. The tree needles are constructed out of non-allergenic and flame-retardant materials then painted multiple hues of green so no two are exactly alike. Designed to last, this Woodland Pine tree is sure to provide more convenience and ease to your holiday season, year after year.

- Flame-retardant and non-allergenic materials
- Multi-colored light model features sound-activated light show, plus 8 other light functions
- 1-year limited warranty

## LIGHTING OPTIONS FOR PRE-LIT MODELS

Eliminate the frustration of untangling your tree's string lights each year. We offer a variety of pre-lit models that includes a system of lights that are already prestrung, evenly distributed and bound to frame. Each option offers a variety of color, bulb types and displays from which to choose.

### CLEAR SMART LIGHTING

Includes a system of classic clear bulbs that will remain lit even if one burns out. Each bulb projects a brighter light and further accentuates the tree as well as all ornaments placed around it.

### CLEAR LED LIGHTING

Produces a clear timeless display and operates off low voltage power. The LED bulbs are long lasting so you won't have to worry about replacing them each year.

### MULTI-COLOR LED LIGHTING

The multi-color LED lights offer the most variety on how your tree lights up. You have the option of choosing one color, multiple colors or the classic clear display to light up your tree.

### ACCESSORIES INCLUDED WITH ALL MULTI-COLOR MODELS

All multi-color, pre-lit models include a wireless remote control and convenient foot remote connected to the power cord. Both allow you to control your tree's display by alternating colors and patterns at the touch of a button.

Multi-color trees also feature a sound-activated light show option that enables the tree to react to the beat of your favorite holiday soundtrack. No propriety app required. Simply place the speaker beside the control box and set to music mode with the green light shining. Then simply let the Jingle Bells ring out and enjoy the show!
