

# Electric Log Splitters

MAX Performance. MAX Value. MAX Support.

## The Strong, Quiet Type

*And serious, too: 9 tons of force, solid steel beam, and a big hydraulic cylinder means enough power to take on any splitting job inside or out - with the ease, portability and convenience of clean, electric splitting.*

### FEATURES & BENEFITS

- Powerful, 9 ton(+/- 10%) RAM force w/2.75" dia. cylinder gets big jobs done fast
- Adjustable splitting speed: slower/use more force, or faster/use less force
- Short cylinder cycle time: 14s - 23s
- Large log capacity - 20.5" L and 12.6" W (dia.)
- One hand operation, easy and more convenient.
- Portable and mobile, and can be operated indoors as needed in the winter
- Electric motor is designed, engineered, and manufactured in-house, ensuring years of worry-free use
- No assembly required - plug in and start splitting

### SPECIFICATIONS

Model Number	YS0952
Splitting Force	9 ton (+/- 10%)*
Cylinder Size	2.75"
Hydraulic Capacity	1.72 gal
Log Capacity	20.5" L x 12.6" dia.
Wedge Size	6"
Cylinder Cycle Time	Forward: 7s - 16s Reverse: 7s
Wheel size	8"
Motor	15 amp
Product Weight	170.6 lbs
Product Dimensions	41.7" x 10.9" x 20.6"
Operating Position	Horizontal
Warranty	2-Year Residential; 90-Day Commercial

\*Slower splitting speed setting gives more force, faster speed gives less force

*Tame the Great Outdoors*

*YARDMAX outdoor power equipment delivers the perfect combination of practicality and performance, offering durable and affordable product lines engineered to consistently get the job done right, at the right price.*

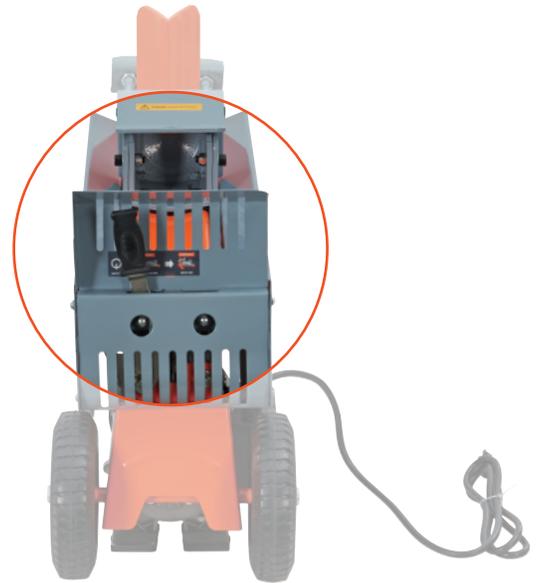

MAX Performance. MAX Value. MAX Support.
