

## E Lite® Plastic Equipment Pad

### Description

E-Lite® is a polypropylene plastic mounting pad designed to support HVAC outdoor units and other outdoor equipment. These pads are a great environmentally friendly alternative to concrete equipment pads, thanks to the recycled content and low raw material usage when formed. The rugged design and optimized rib-pattern provide for excellent support on soil and gravel terrain. Available in both 2" and 3", depending on local building code requirements.

### Application

- HVAC outdoor units
- Installation: pad should be placed on compacted level soil, gravel, or harder surfaces, including but not limited to concrete or asphalt.

### Features

- Lightweight, durable, and exceptionally strong
- Textured top surface to reduce slippage
- Concrete gray color
- Unaffected by UV exposure or extreme weather
- Drillable for securing unit ( $\frac{1}{4}$  x 1- $\frac{1}{4}$ " Tapcon® recommended)

### Specifications

- 98% recycled, injection molded polypropylene
- Recommended temperature range: -48°F to 180°F
- Ignition temperature: 725 °F, flash ignition temperature: 698°F
- Tested per ASTM C67 (flawless performance under 25-cycle testing regimen)
- Tested per ASTM D2299. Does not crack, flake, or warp when subjected to...
  - R-22 or R-134a Refrigerant
  - Compressor oil
  - Salt solution (20% by volume)
  - Synthetic canine urine

**Made in USA by DiversiTech**

### Warranty

Limited Lifetime Warranty
