

Smart Scene Musio Lamps Instruction

Instruction

Basic parameters

Controlling method :APP/RFType/key board type
 Working temperature :-20degrees to+60degrees
 Power:1.5W/Piece Power supply voltage:DC5V
 (Each DC5V 2A power supply can load 15pcs modules,if need more modules.
 Applied places:study room,living room,bedroom,night club or bar,KTV gym,music bar or restaurant, coffee shop and other home and commercial places.

Product Characteristics

Support mobile APP control, support IOS and Android system

Stay tuned for more smartinteractive features!

Installation instructions

1. Please make a model layout plan in advance or pre-manufacture the model on the desktop, and define the position of the drive control line entrance.
2. Remove the release paper on one side of the double-sided non-marking adhesive, stick the double-sided adhesive to the center of the back of the module, and remove the release paper on the other side of the non-marking adhesive before installation. (This step is omitted for desktop installation)
3. First locate the drive control line entrance module, then insert the arrow pointing end of the connecting piece (NEXT end) into the cascade module, and insert the "PRE" end of the connecting piece into the previous module according to the sequence of the modeling plan to complete the installation.
4. Insert the USB end of the drive control line into the first module, and then plug the other end of the drive control line into any signal output port corresponding to the pickup, and power the power adapter to complete the installation.
