ASSEMBLY & CARE ADVICE

FOR YOUR FURNITURE TO LAST, CORRECT ASSEMBLY AND PROPER MAINTENANCE ARE NECESSARY. PLEASE FOLLOW THE INFORMATION PROVIDED BELOW TO FULLY ENJOY YOUR FURNITURE.

BASIC ASSEMBLY TECHNIQUES

When lock or spring washer is used in an assembly, please make sure the lock or spring washer is placed between the larger flat washer and the head of the screw or bolt.

Position each part correctly and insert screws or bolts into their respective holes by hand tighten or using the proper hand tool. Only tighten when step is completed or when instructed to do so.

Use cardboard or carpet area when assembling furniture to prevent scratches. Make sure the furniture rests on a flat and level surface with each leg evenly touching the floor.

Some furniture comes with height adjustment knobs underneath each leg. To lower or to raise each leg, you need to turn clockwise or counterclockwise, respectively.

Make sure all parts are properly aligned, then use the appropriate hand tool to completely tighten the bolts or screws. Do not use power tools and do not overtighten.

Save the instructions and store the Allen wrench or any supplied tool for later maintenance. After two weeks, check and tighten any loose hardware and repeat again every six months thereafter.

IT IS THE USER'S RESPONSIBILITY TO MAINTAIN THE FURNITURE. THE HARDWARE MAY LOOSEN OVER TIME AND MAY CAUSE THE FURNITURE TO BE WOBBLY AND UNABLE TO SUPPORT ITS INTENDED WEIGHT CAPACITY. THIS MAY LEAD TO COLLAPSE AND MAY CAUSE SERIOUS INJURY.

FAILURE TO FOLLOW THE GUIDELINES ABOVE MAY RESULT IN INJURY AND/OR PROPERTY DAMAGE.

Before you begin, please read Page 2 of "Assembly and Care Advice".

And remember, do not tighten until each step is completed or instructed.

Parts List

#1 x 1pc
Table Top

#2 x 1pc
Leaf

#3 x 4pcs
Leaf

#4 x 1pc

#1

#B x 12pcs
#D x 12pcs
#F x 12pcs

1. Prepare 12 bolts by first inserting a lock washer (#D) onto the bolt (#B) then a flat washer (#F) onto that same bolt (#B).

3. Align 2 leafs (#3) to the holes along the sides of the legs. Insert a bolt assembly into each hole and secure using the Allen wrench (#H).

2. Align the leaf (#3) to the inner side of two legs (#5). Insert 2 bolt assemblies into each corner and secure using the Allen wrench.

#2

#B x 4pcs
#D x 4pcs
#F x 4pcs

1. Prepare 4 bolts by first inserting a lock washer (#D) onto the bolt (#B) then a flat washer (#F) onto that same bolt (#B).

2. Align the other legs with leaf to the pre-drilled holes along the end of the leafs (#3). Insert a bolt assembly into each hole and secure using the Allen wrench (#H).

Carefully slide the side panel (#4) down into the center.

#A x 4pcs
#C x 4pcs
#E x 4pcs

1. Carefully place the table top (#1) onto the threaded ends located at the top of the legs (#5). Then slide open.

2. Apply a flat washer (#E) then a lock washer (#C) and a nut (#A), in that order onto the threaded ends. Secure using the wrench.

1. Place the leaf (#2) into the center of the table top (#1).

2. Push the ends of the table top (#1) towards the center and lock the latches located under the table top.

Carefully turn the completed table upright. Make sure the table is rested on a flat surface and does not feel loose or wobbly. If it does, double check that the bolts are secured and properly tightened.

ASSEMBLY IS COMPLETED
