VIVANTE™ LINEAR SHOWER DRAINS
TECHNICAL SPECIFICATION

DESCRIPTION

Oatey vivante™ shower pan drains shall be used in residential and commercial applications when connecting to a DWV system. The drain body is constructed of durable and corrosion resistant 304-grade stainless steel with pre-sloped channels to ensure proper water evacuation. Drain height can be modified using the adjustable leveling feet. The 2-inch PVC outlet adaptor threads into a compatible PVC or ABS drain base. The decorative cover shall meet all necessary load and flow requirements for installations in shower areas. Drain kit includes a stainless steel debris basket and cover removal tool.
PVC or ABS drain base sold separately.

FEATURES AND MATERIALS

- 304 grade stainless steel drain body
- 304 grade stainless steel cover
- 2 in PVC threaded adapter
- Cover removal tool
- 304 grade stainless steel debris basket

APPROVALS AND LISTINGS

- Uniform Plumbing Code
- International Plumbing Code
- National Plumbing Code of Canada
- ASME A112.18.2-2020 / CSAB125.2-20
