Shade & Texture Index

Biography has a shade variation of V1.

This porcelain tile product is produced with a V1 variation. Differences among pieces from the same production run are minimal. Inspect the product upon delivery and for best results, blend tile from several cartons during installation.

contains zero VOCs, and is resistant to mold and mildew making it a healthy choice

- Biography is proudly made in the USA by Crossville Inc. with over 30 years of porcelain tile manufacturing experience
- **For polished tiles, the use of a penetrating type sealer is required prior to grouting.**

Grouts should be tested to determine if the grout or grout pigment will contaminate the surface of the tile and may require more than one coating of sealer before proceeding to the entire installation.

- It is recommended to order a minimum of 10% overage to account for waste and attic stock; 12 x 12 carton contains 12 pieces which cover 12 square feet; 12x24 carton contains 16 pieces which covers 32 square feet.
