

97977

HIGH ACCURACY DIGITAL TIRE INFLATOR

- Ranges from 0 - 100 PSI (+/- 0.25 percent PSI accuracy)
- Grade A3
- Built to ASME B40. 100.2005
- Has metal body for endurance
- Reads in PSI, bar, kpa and kg/cm2
- Features automatic temperature/pressure compensation and peak/valley/track pressure reading modes
- This units exceeds the requirements of California AB32, with an error rating of 0.25 PSI
- Includes a certificate of conformance that may be retained by the purchaser to demonstrate and assure compliance to the law

CERTIFICATE OF CONFORMANCE

This gauge is a precision measuring instrument manufactured with quality and pride It has been tested at our factory to meet or exceed industry standards

MODEL NUMBER	97997
TYPE	Digital Air pressure Gauge, 10.25psi
RANGE	0-100 psi
GRADE	3A
MANUFACTURER	JS Products

MODEL NUMBER	031502
RANGE	GE/DPI 515
GRADE	0.0625%
MANUFACTURER	03/11/2015

MEASURED VALUES ARE WITHIN TOLERANCE ACCORDING TO GRADE 3A ($\pm 0.25\%FSO$) of ASME B40. 100-2005

OPERATOR:

SUPERVISOR:

Calibration is performed by comparison with reference standards which have been calibrated by a recognized NIST-Laboratory and are therefore traceable to the National Institute of Standards and Technology The issuer of this certificate bears sole responsibility for calibration and documentation thereof Duplication of this certificate or parts hereof is prohibited.
