

SPLASHY

waterproof looks with
CleanProtect™ technology.

Everyday spills and messes aren't a worry with our SpillRepel™ **WATERPROOF** floors. Special technology keeps spills on the surface so they're easy to clean up.

**SPILLREPEL™**

CleanProtect™ technology with **ANTIMICROBIAL** properties built in to inhibit the growth of bacteria that may affect your floor.

DIY-FRIENDLY

Quick-Step Studio® floors are not only stylish, but easy to install. Just click two planks together. It's so easy that a moderately skilled DIY-er can install a floor in an average size room in just a day.

Click-lock System
for easy installation and a tight-locking joint.

Attached Underlayment
for easier installation, saving time and money.

Quick-Step Studio® A good partner for Lowe's

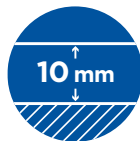

Quick-Step has been creating floors for families all over the world for over 30 years. As a member of the Mohawk Industries group of brands, it's been a popular choice in the US for over a decade.

The collection at Lowe's provides your customer with a waterproof laminated wood floor that's stylish, easy-to-install and budget-friendly.

Long Live Style®

Quick-Step Studio® floors are designed to last today, tomorrow and for tomorrows yet to come.

10 mm thickness

A more stable, natural sounding floor.

Classic

Timeless designs in a range of styles and colors.

Livable style

Durable, waterproof surface coating resists scratches, stains & spills.
