STREAMLINED DESIGN | **NATURAL GAS OR PROPANE MODELS** | EASY INSTALLATION

The Rinnai Difference

- **Consistent, Even Heat**
- **Wall Thermostat* Compatible**
- **7-Stage Modulating Technology**
- **User-Friendly Controls**
- **Versatile Installation Options**
- **High-Altitude Approved**
- **Quiet Operation**

**An accessory is required to connect to an external thermostat, part #: 204000048*

Transform any living space — from basement to sunroom, or even the whole home – with self-adjusting heat that keeps room temperature consistent, from floor to ceiling.

Consistent Warmth and Reduced Cold Spots

- Maintains pre-set temperature
- Distributes heat evenly

Energy Efficient Solutions

- Unique energy-saving modulating technology intuitively matches the specific level of heat needed at any given moment, responding to the smallest temperature changes (within 2 in /5 cm above the floor)
- Rinnai offers multiple models for just the right size and configuration to heat a whole home or complement an existing heating system
- Minimizes heat loss with no ductwork

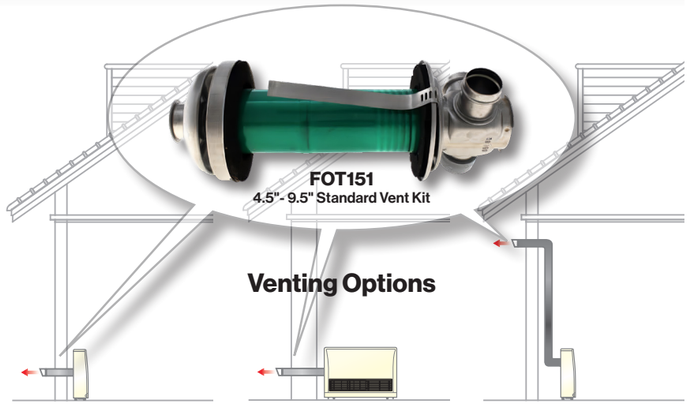

Customized Heating

The easy-to-use programmable thermostat lets you set a comfortable temperature for when you're home and a lower setting for when you're away. Attach to a Wi-Fi® enabled thermostat* (Nest, Honeywell, Ecobee, etc.) for additional flexibility and comfort, meeting supplemental or specific zone heating needs.

**An accessory is required to connect to an external thermostat, part #: 204000048*

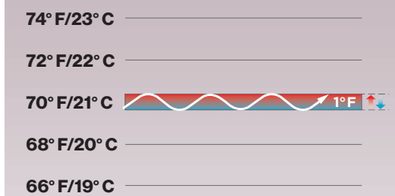

Quick, Flexible Installation

Rinnai EnergySaver® Direct Vent Wall Heaters provide quick installation, and flexible venting allows positioning along almost any outside wall.

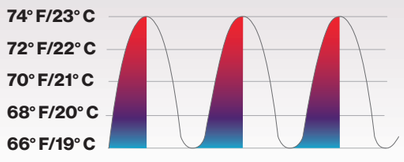

Please consult the Owner's Operation and Installation Manual for installation requirements.

Rinnai Energy-Saving Modulating Technology

Rinnai's technology responds to small temperature changes, resulting in higher levels of comfort.

STANDARD SPACE HEATER (ON/OFF)

On/Off Cycle of a Standard Space Heating Appliance.
