SAFETY INFORMATION

Please read and understand this entire manual before attempting to assemble, operate or install the product.

- Before cutting, drilling or hammering into any wall surface, verify the location of electrical, plumbing and gas lines. Cutting any of these may cause serious injury. If needed, contact your electrician, plumber or service person.

PREPARATION

Before beginning assembly of product, make sure all parts are present. Compare parts with package contents list and hardware contents list. If any part is missing or damaged, do not attempt to assemble the product.

Estimated Assembly Time: 45 minutes *(with the assistance of another person)*

Tools Required for Assembly (not included): Phillips Screwdriver, Hammer and Flathead Screwdriver

ASSEMBLY INSTRUCTIONS

1. Fasten 2 support rails (H) to the top of the bottom side panels (E) using large screws (AA).

Hardware Used

- | | | | |
|-----------|--------------|---|-----|
| AA | Large Screw |  | x 8 |
| OO | Allen Wrench |  | x 1 |

2. Place the bottom assembly in desired location, then install a support rail (H) with the finished edge facing up using large screws (AA).

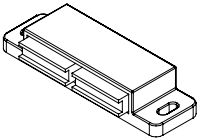

NOTE: The support rail (H) may be adjusted by using different holes in the bottom side panels (E).

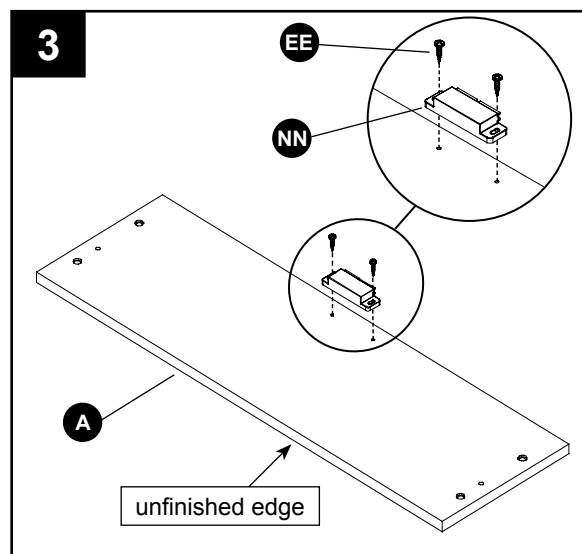

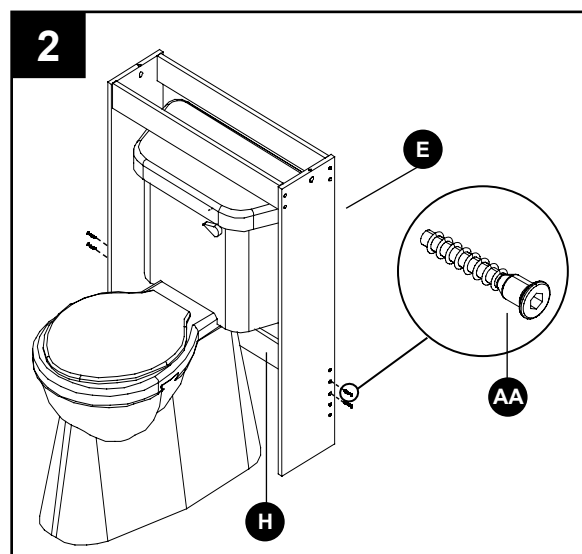

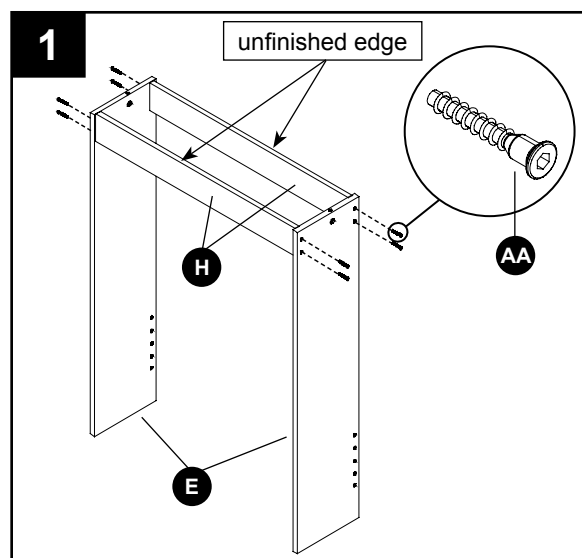

Hardware Used

- | | | | |
|-----------|--------------|---|-----|
| AA | Large Screw |  | x 4 |
| OO | Allen Wrench |  | x 1 |
