

Tame the Great Outdoors ®

24" Two-Stage Snow Blower

YB6270

Big Storm on a Smaller Budget?

With a 24" snow clearing width, this heavy duty dual stage snow blower easily handles snowfalls in excess of a foot or more. Stamped steel chute gives you the longevity and durability you need for the big storms, and to keep cleaning a path year in and year out.

FEATURES & BENEFITS

- Electric Start 212cc snow engine.
- Push-button electric start with recoil backup for reliable ignition in any condition.
- Multi-speed (6 forward and 2 reverse) self-propelled drive delivers max speed and control.
- Serrated steel augers easily slice through packed ice and snow.
- Housing is axe-shaped to effortlessly chop excessive snow and ice.
- Aluminum gear case with alloy steel gears and synthetic gear oil deliver long-lasting, durable performance.
- Engineered to throw snow further with minimal blowback, the high-speed impeller takes in more snow while the elongated chute provides a tighter discharge.
- Remote chute control crank for easy control of snow throwing direction.
- Standard pin-lock axle offers two options: 2-wheel drive for increased traction; or 1-wheel drive for greater maneuverability.
