

The diagram shows a vertical orange telescopic pole with black joints. At the top is a curved blade with a serrated edge. To the left of the pole, a vertical line with arrows at both ends indicates a height range. Two orange arrows point towards this range: one pointing down from the top and one pointing up from the bottom. The text '7.3 ft-27 ft' and '2.24 m-8.24 m' is centered between the arrows.

7.3 ft-27 ft
2.24 m-8.24 m
