ELEMENT FLOORING

Get More From Your FLOOR

Featured Floor - Sesame : E21036

Flooring designed for the way you live.

Element brings together style, performance, and versatility with flooring options created for today’s spaces. From the natural beauty of engineered hardwood to the durability of luxury vinyl and laminate, our collections offer a variety of colors, textures, and designs to complement any interior. With engineered hardwood, SPC, WPC, laminate, and glue-down vinyl options, Element makes it simple to find the right look and performance for your space.

Sustainability

Not just a good thing, it's the right thing.

Element Flooring believes it is our responsibility to help make this planet a better place - for our customers, our employees, our communities, and all the other living creatures we share it with. That's why our flooring is created to not only minimize our carbon footprint and impact on the environment, but to also foster a deeper appreciation for the beauty of the natural world.
