

Introducing WorkEZ

Each joint is measured in 15° increments.  
Joints lock in place every 15°.

**To operate a joint**, depress the button and rotate the leg to the desired angle

Once the button is depressed, joints rotate in a complete circle or 360°.

The joint is locked when the button is extended. Only use WorkEZ when all joints are locked.

Depress the button to adjust the leg.

An extended button means the joint is locked.

When adjusting be wary of your fingers

WorkEZ Professional

Completely adjustable to fit your physique and enviroment, WorkEZ Professional is competent as a desk-based stand and its sturdy design enhances utility on softer surfaces (beds, recliners, couches).

Guidelines

Max load is 13 lbs.  
Joints must be locked (extended) before use.  
Before use, ensure that:

- All joints are locked (extended)
- The plattform is level
- Both legs are adjusted identically & evenly
- WorkEZ is stable
- The platform weight is centered over the bottom leg

**Tip:** If WorkEZ tends to tip forward or backwards, rotate the bottom leg 180°.

Simplify life with 1 multi purpose stand
