What you'll need

- GFCI outlet
- Phillips screwdriver (if mounting)
- Your smartphone

**GFCI
Outlet**

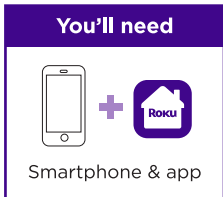

- 1 Status light
- 2 Power light
- 3 Power buttons
- 4 Power sockets
- 5 Light sensor
- 6 Weather-resistant socket covers

Let's get started

STEP 1: Download the Roku Smart Home app

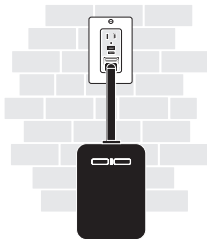

Scan the QR below to download the Roku Smart Home app on your smartphone. Sign in with your Roku account or create one.

Messaging & data rates may apply.

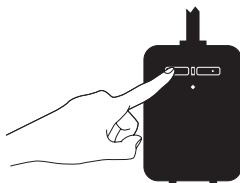

STEP 2: Insert plug

Insert your plug into a power outlet. If mounting, ensure the outlets are facing down and are at least 2 ft above the ground. The status light will flash **BLUE** to indicate pairing. If it's not flashing, press and hold the Power button until it does.

STEP 3: Pair to app

In the Roku Smart Home app, tap the “+” button, then “**Add Device**” to find “**Outdoor Smart Plug.**” Follow the instructions to finish setup.

Control your plug with your voice by pairing with your Alexa or Google Assistant-enabled device. For instructions, visit go.roku.com/plugs

Continue on back ➔

What's that light mean?

Status Light	State
BLUE - Slowly flashing	Connecting to Wi-Fi®
BLUE - Quickly flashing	In pairing mode
BLUE - Solid	Connected and working

Power light	State
White - Solid	Socket power on
NO LIGHT	Socket power off

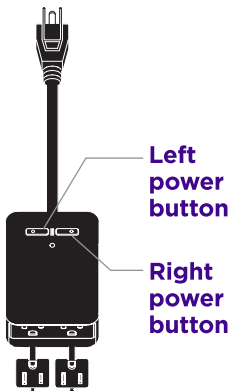

How it works

Turning the sockets on/off

Press the left or right power button to turn each socket on or off.

Resetting your plug

Press and hold one of the power buttons for 3 seconds to reset your smart plug.

Use the **Roku Smart Home app** to control your smart plug from anywhere.
