63900
Stay Away® Pouches, with our Bio-Collaboration approach, use the scent of plant-derived essential oils to affect the senses of pests, reliably 'keeping pests out' of the indoor and enclosed spaces where we live, work and play. EarthKind's patented pouch design delivers long-lasting, slow release of proven essential oils, and the EarthKind® promise guarantees effectiveness with no setup or messy cleanup.
Where to Use: Anywhere ants or cockroaches go to find food: pantries, cupboards, kitchens, basements, or places you would like to prevent them from entering.
How it Works: Stay Away® ANTS & COCKROACHES pouches, when placed where food particles or moisture for hydration may be present, or near where they may find entry or harborage, emits a scent pleasant to people but deters ants, cockroaches, and various other crawling insects in the treated areas.
Before Use: Remove plastic wrap from pouch. Do not place directly on furniture or finished surfaces as product may stain. -- Try our optional Pouch Pod® scent pouch holder to keep pouch from curious children and pets and protect surfaces and clothing from contact with the essential oils.
How to Use: Use one pouch per cupboard or small space; two pouches per large pantry. Increase the number of pouches as needed until desired results are obtained (Usually 30–60 days).
USE IN INDOOR/ENCLOSED AREAS
First Aid: Product can cause moderate eye irritation. For certain individuals, skin irritation may occur. In case of eye contact, flush with water. Seek medical attention if irritation persists.
Storage & Disposal: Store and transport in an upright position. Store in original container, in a dry place inaccessible to children and pets. Do not reuse empty container—discard in trash.
Other Precautions: This product contains pure essential oils which can be overpowering to some people. Should this occur, simply remove or reduce the number of pouches used.
Notice: Buyer assumes all responsibility for safety and use not in accordance with label directions.
This product has not been registered by the United States Environmental Protection Agency. EarthKind, LLC represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act.
I wish to personally thank you for purchasing EarthKind® products. Not only are you keeping pests away from spaces where you and your family live, work and play—with our farm-grown ingredients, you're also supporting American farmers and our precious planet.
