

SUNSHINE[®] MIX #4

WITH MYCORRHIZAE

WHAT IS IT?

- An **all purpose** potting soil for all types of containers including: **Large patio pots/small cell packs/fabric containers**
- Can be used for both indoor and outdoor growing
- Contains **RESiLIENCE[®]** which may improve resistance to wilting
- A **great value** for gardeners:
 - Compressed bale expands to 6 cubic feet
 - Fills (12) 3 gallon fabric grow bags or (6) 14" round pots

Size: 3 CF

GROW LIKE THE PROS

Same quality ingredients used in our professional mix

WHAT'S IN IT?

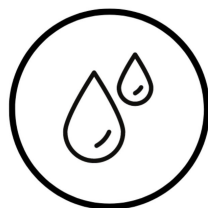

Canadian Sphagnum Peat Moss helps plant retain moisture and nutrients for longer

Perlite for excellent drainage and space for root development

Mycorrhizae creates a symbiotic relationship with the plant, helping to increase absorption capacity

Wetting Agent helps mixes stay moist which allows water to travel to the plant roots freely

RESiLIENCE[®] may improve resistance to wilting
