KEY FEATURES

PICTURE QUALITY

HD 720P

Enjoy a great picture with Samsung 720p high definition (HD), which makes your favorite films and games more detailed, vibrant and clear.

MOTION RATE 60

Enjoy a clear moving picture resolution at Motion Rate 60 with amazing refresh rate, processing speed and backlight technology.

WIDE COLOR ENHANCER PLUS

With Wide Color Enhancer Plus, you'll witness a wider spectrum of colors on your screen, just like the director intended. You'll enjoy enriched colors while watching your favorite movies and shows, even older non-HD content.

SMART CONNECTIVITY

CONNECTSHARE™ MOVIE

Plug your favorite entertainment and media into your TV – watch videos, play music, or view photos through a USB connection.

CONNECTIONS

HDMI®

Enjoy higher quality audio and video with an HDMI connection that transmits both signals over a single cable.

USB CONNECTIONS

Get complete access to all your stored audio files from any USB memory drive or external hard drive. This wide range of compatibility allows you to connect and share content via USB.

1 COMPONENT IN

Analog video connection transmits HD RGB video using three RCA connections.

1 COMPOSITE IN (SHARED WITH AV COMPONENT INPUT)

Analog video connection transmits video using one RCA connection.

AUDIO

DOLBY® DIGITAL PLUS

Optimizes the TV sound quality when viewing and listening to Internet movies, Internet music and other content played back from wired or wireless mobile phones, PCs and tablet devices.

DNSe+

Digital Natural Sound Engine in Samsung TV is a sound enhancement system that combines different equalizer settings and signal processing to create user centric presets to suit the most common listening scenarios. The aim of DNSe+ is to deliver the best sonic experience to the end user. The sound engine yields higher quality sound with more natural effects than conventional methods by reproducing the 'genuine' stereo sound.

DTS® 2.0™

Decoding with SRS Theater Sound HD™ processing -processes standard 2-channel stereo audio tracks to deliver a full range surround sound effect with enhanced bass and dialog clarity.

ECO SENSOR

ECO SENSOR

With Eco Sensor, your TV can intelligently adapt its picture according to the intensity of the light in the room. This technology measures the amount of existing light and automatically adjusts the brightness of the image on your TV.

INCLUDES

STANDARD REMOTE CONTROL

Remote control that operates the TV.
