

Van Zyverden's
BUTTERCUPS RANUNCULUS COLLECTION

Buttercups are also known by their botanical name "Ranunculus". The multi-petaled type flowering blooms are extremely vibrant in color and very showy. Good as cut flowers in bouquets, easy to grow, and are deer resistant.

Prolific and terrific

Brilliantly colored flowers

*Good choice for the
cutting garden as well*

About This Variety: Ranunculus bulbs are widely available at retail nurseries and mail-order catalogs in mixed colors. Ranunculus in single colors however are unique and caught our eye, as they make for striking color displays in the garden. This Buttercup collection packs some bold color for the collector and lover alike, consisting of; Cappuccino, Fire Engine Red, Tangerine and Purple. For maximum versatility the bulbs are individually packaged and labeled so that you can use them as you wish.

Growing Instructions: The plants are not very hardy and may be treated as an annual in colder zones but thrive best in USDA zones 8 to 10. Simply replant new bulbs in colder zones or try to over winter them.

Care Tip: Soak the corms in luke warm water overnight before planting to jump start development. Plant after danger of frost. Plant the corms with the 'claws' pointing downward.

Exposure: Full sun to partial shade

Height: Grows 16" tall

Spacing: Plant 4" apart, 3" deep

Hardy in: USDA zones 8-10

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
