Tame the Great Outdoors ®

26"/28" Two-Stage Snow Blower w/Dashboard with Joystick Chute Control (Upgraded since Nov. 2026)

YB6770
YB7285

YARDMAX

Ready for a Big Blowout?

With a 26"/28" snow-clearing width, this heavy-duty, dual-stage snow blower easily handles snowfalls of a foot or more. Designed for power and ease of use, it features an intuitive joystick control for smooth, responsive maneuverability, along with a dashboard-mounted headlight, convenient controls, self-propelled drive, and push-button start. This high-powered 26"/28" snow blower is tough on snow—not on the user.

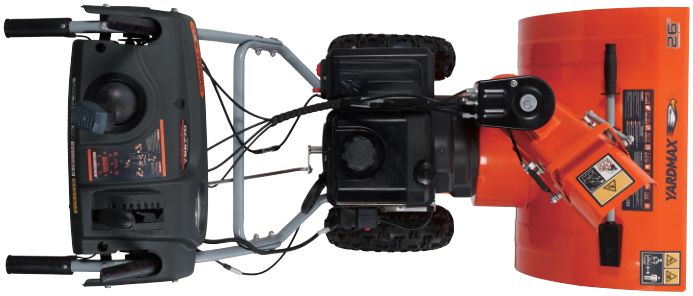

FEATURES & BENEFITS

- Engine — Electric Start, high performance snow engine
- Self-propelled drive with multiple speeds — 6 forward and 2 reverse — allows for maximum speed and control varying options
- Intuitive joystick control for easy, precise chute direction and angle adjustment
- Serrated steel augers slice through hard-packed snow and ice with ease
- Axe-shaped housing sides effortlessly chop through tough snow and ice
- Heavy-duty aluminum gear case with alloy steel gears and synthetic gear oil for long-lasting performance
- Push-button electric start with recoil backup for simple ignition in tough winter conditions
- Dashboard with headlight, easy-to-reach speed control and cup holder for total convenience
- Hand grips will stay at room temperature, delivering optimal comfort even in the harshest weather
- Pin-lock axle comes standard, offering 2-wheel drive for traction and 1-wheel drive for maneuverability
- Minimal assembly required for quick and easy setup
