

The Most Innovative Channeling System Available Allows Users to Stack and Lock Bins Together

DESCRIPTION

- 1 Engineered anti-slide stops in the channels to ensure stacked or hanging interlocking bins will not slide out from front
- 2 Interlocking feature guarantees bins will not collapse or topple into one another, spilling or mixing contents
- 3 Unique nesting feature allows bins to be stacked maximizing counter and wall space
- 4 Sloped and molded front allows for trouble-free removal of stored items and identification label
- 5 Built-in rear hanging tab enables bins to be mounted to **A.** Round Hole pegboards, **B.** Square-holed pegboards, **C.** Louvered panels **D.** Wall Mount

PRODUCT HIGHLIGHTS

- **FUNCTIONAL:** LocBin(s) are easily transported in the stacked, interlocked position
- **ULTRA DURABLE:** Corrosion resistant, high-density polypropylene
- **VARIETY:** Vast array of color choices
- **EFFICIENT:** Extra deep groove system molded inside each LocBin allows ABS Black Bin Dividers to snap in place inside the bin keeping individual parts separated
